

What's New in ProQuest Books

January - March 2024

The Right Content, Delivered to the Right Users, At the Right Time

Every library is unique. The complexities you face – from evolving content needs to staff shortages – deserve unique solutions. ProQuest Books solutions were built **by** librarians **for** librarians and our mission is simple: bring the right content, deliver it to the right users and at the right time.

New Content and Publishers

Our strong partnerships with publishers around the world make it possible for us to offer a rich, multi-disciplinary aggregated ebook solution to libraries and researchers of all levels.

Over **186,000 titles*** were added to Ebook Central in 2023 adding to our extensive catalog of over **2.2 million titles** that can help you get access to the right mix of publishers, authors and titles to ensure representation of more voices.

New 2023 Content Highlights

- **Walter de Gruyter**, a renowned academic publisher producing content across various disciplines, including humanities, sciences, and medicine added over 7,000 titles to Ebook Central.
- **HarperCollins Publishers**, a well-known global publishing house known for its diverse range of fiction and non-fiction titles and bestselling authors added over 2,400 titles to Ebook Central.

PUBLISHER SPOTLIGHT

Editorial Reverté is a renowned Spanish publishing house with a rich history dating back to 1942. Specializing in academic and scientific literature across various disciplines, it offers Ebook Central customers over 600 titles, including Harvard Business Review titles in Spanish.

New Content from Around the World

As research becomes more globally focused, ProQuest is ensuring libraries have reliable and easy access to a wide range of non-English, multidisciplinary content. Thanks to our content partners, we can provide an extensive collection of award-winning, cross-disciplinary content in **over 90 languages**.

New content added and available to academic libraries in 2023 covers over 60 languages, including:

Content Initiatives & Partnerships

Bloomsbury Collections

Bloomsbury has partnered with ProQuest, part of Clarivate to offer a flexible collection acquisition model that allows academic libraries to access high-quality content under a dual hosting model on the Ebook Central and Bloomsbury's own platform.

Our innovative dual hosting approach can help you elevate the student research experience by seamlessly meeting students where they are. Users can leverage the strengths of their preferred platform for comprehensive and effective exploration of content, helping them concentrate on learning.

Special offer for Ebook Central customers: until February 16th, 2024, librarians can select from over 240 high-quality Bloomsbury Collections and **enjoy up to 65% off** with the discount determined by the volume of collections acquired. Use Title Matching Fast (TMF) Creatively

Our free Title Matching Fast (TMF) service is a time-tested process that helps libraries accurately match print holdings to electronic titles without the hassle of spending hours searching. But did you know it can do much more than that? Here are some of the many ways libraries are using TMF to their advantage:

Tip!

- Match print-to-print
- Identify new title editions
- Expand access to materials on reading lists
- Reclaim space and get help with weeding projects
- Develop collections on particular subject(s), LC class, award winners, specific languages and more
- Increase shelf appeal by replacing worn-out books

Join the Path to Open with JSTOR and ProQuest

ProQuest has partnered with JSTOR on the release of Path to Open, an innovative pilot program to help libraries invest in sustainable Open Access solutions, acquire high-quality university press content, and support small and medium university presses in open access publishing.

Librarians can now sign up for JSTOR's Path to Open via ProQuest. Reach out to your ProQuest representative to learn more.

Need more OA content? Activate Open Access Complete for free at your library and add over 15,000 curated OA monographs to your collection. Follow these simple steps to enable today in LibCentral:

- Navigate to *Settings / System*
- Under *System Settings*, tick the box next to Open Access Complete to enable
- Voila! Open Access Complete will behave in LibCentral and Ebook Central like all other ebook subscriptions.

Ebook Central

Ebook Central is an all-in-one ebook platform for research, discovery, selection, acquisition and administration for libraries.

What's New in Ebook Central:

- **Wait List:** With this new feature, if an ebook is currently unavailable due to high demand and limited license availability, users will be able to 'Place Hold' on a title. Librarians can enable 'Wait List' in LibCentral.
- **EPUB Citations:** Users can now generate a book-level citation in all supported citation styles and export the citation to their preferred citation management tool.

Rialto

Rialto is an academic marketplace that creates a seamless workflow for selection and acquisition and allows libraries to make informed decisions in the book-buying process.

"I went from over a week to process all the different requests from the selectors, to doing processing for that same group of selectors in about 5 or 10 minutes."

- **Jennifer Matthews, Collection Strategy Librarian at Rowan University**

What's New in Rialto:

- **License Upgrade Requests:** For titles already owned on Ebook Central, libraries are now able to request an upgrade to a higher license right from Rialto, without needing to navigate over to Ebook Central, for a more seamless upgrade experience.
- **Enhanced List functionality:** Rialto users can now tag colleagues in comments on shared lists, creating a more efficient teamwork environment within Rialto. Users also now have the option to receive a notification when tagged, enabling them to stay informed about ongoing list activity and respond promptly.

OASIS

OASIS is a trusted ordering system for librarians with powerful tools and broad choices to support their collection development strategy. We continue to invest in OASIS to make selection and acquisition flow smoothly and efficiently.

Did you know? Librarians can request access themselves to any of our publisher direct platforms directly within OASIS. Navigate to the user menu, click "Platform Settings," and choose "Initiate Setup" for your platforms of choice.

Marketplaces on Rialto and OASIS

Torrossa Digital Library from Casalini Libri

Libraries can now acquire over 65,000 ebooks* from Torrossa through the Rialto and OASIS marketplaces, gaining access to a variety of Spanish and Italian content in subjects across the humanities and social sciences on a platform that is fully aligned with the functional and technical requirements of research and university libraries.

Did you know? Torrossa is one of a growing roster of publisher direct platforms available through OASIS and Rialto. Acquiring these works directly through OASIS and Rialto enables librarians to consolidate searching, ordering, invoicing, and activation within a single system, saving time and steps.

Syndetics Unbound

Librarian Recommends: Lists

Librarians continue to innovate and curate unique Lists for their catalog, and share them globally with all Syndetics Unbound members, using Librarian Recommends: Lists. To get started, log into Syndetics Unbound Admin and find Lists under *Lists Home > Create Lists*.

Collection Development Support

Collection development doesn't have to be time-consuming. Our team of Content and Workflow Strategy Consultants (CWSCs) have deep knowledge of collection development best practices and expertise in acquisitions workflows. We can help you automate as much of the practice as desired - from title notifications to automated approvals and DDA.

"I help librarians craft and maintain profiles to build their collection and make sure their patrons have access to the content they need for classes and research." - **Diana Snyder**, Content and Workflow Strategy Consultant

Did you know? Resources for College Libraries (RCL) subscribers can take advantage of the selection expertise of over 60 practicing subject liaisons. RCL features over 90,000 core titles across the undergraduate curriculum to help support librarians throughout the collection management workflow.

Get a free 30-day trial today and explore the curated, peer-reviewed RCL title lists developed by Choice/ACRL specialists.
