IMPLANT SOLUTIONS WORLD SUMMIT

GOTHENBURG 2026

Dentsply Sirona

Implant Solutions World Summit 2026

At the Implant Solutions World Summit, we come together as a community to advance and shape the future of implant dentistry.

We also come together to honor the groundbreaking beginnings of implant dentistry. Because more than 60 years ago, in this northern Scandinavian city, osseointegration was discovered and implant dentistry was born, changing millions of peoples' lives forever.

Join us in Gothenburg, Sweden, on June 25–27, 2026, for cutting-edge science and the latest news and innovations in implant solutions, digital dentistry and bone regeneration.

Enjoy the company of world-renowned speakers and colleagues, build your peer-to-peer network, and explore the exhibition featuring product experts and solutions specialists.

CONGRESS PROGRAM

THURSDAY June 25, 13:00–17:00

MASTERCLASS Lecture & Hands-on

Management of peri-implantitis
Lecture & Live treatment

In collaboration with the University of Gothenburg Sahlgrenska Academy

UNIVERSITY OF GOTHENBURG

- Customized prosthetic solutions with Atlantis® manufacturing facility tour
- Socket preservation – Pig jaw course I
- Ridge augmentation – Pig jaw course II
- A team approach to full arch treatment success
- The digital dental practice—driving efficiency through technology
- Mastering esthetic excellence—prosthetic planning for optimal results
- Advanced protocols in guided surgery

Ankylos® Aesthetic Masters Congress
40 years of advanced aesthetics
10:30–18:00

18:00–20:00 **WELCOME RECEPTION**

FRIDAY June 26, 7:30–17:30

7:30–8:00	Wake-up coffee in the exhibition & workflow area	
8:00–9:45	**Connecting the dots—driving efficiency and enhancing predictability for clinical success** How do we leverage the available resources better in order provide implant treatment to more patients in need? The answer is simple—digital and connected dentistry. We can define the final desired outcome and plan the necessary treatment, enabling patient acceptance through communication and procedure education. In the new digital universe, discover the expanded solutions and workflows that digital connectivity provides and see the transformation of the patient journey.	
9:45–10:00	**News & Facts TALKS** Get the latest news and facts from the world of implant dentistry with the equivalent of speed dating—15 minutes full of excitement and inspiration.	
10:00–10:45	Coffee break	
10:45–11:30	**Beyond collaboration—multidisciplinary approach to implant treatment success** Bringing the right team together with seamless communication is essential to an efficient workflow and successful outcome. The power of connected technology in modern dentistry is even greater when you apply it across interdisciplinary workflows to continuously improve the standard of patient care and outcomes.	
11:30–12:15	**Your clinical expertise in action** We need your expertise. Our expert panel has a tough challenge that requires your experience, ideas and knowledge.	
12:15–13:30	Lunch break	
13:30–14:30 Parallel sessions	**Full arch solutions—clinical approaches, indications and outcomes**	**Success or failure—avoiding pitfalls in diagnosis and treatment planning**
14:45–15:45 Parallel sessions	**Beyond regeneration—factors for success**	**Digital pathways—the road to success**
15:45–16:15	Coffee break	
16:15–17:30	**Science meets clinical practice—bridging evidence and patient care** Let's look at the evidence and literature and how it correlates to the everyday work in the clinic—is it possible to seamlessly merge evidence-based knowledge and clinical practice? We'll find out.	
20:00–01:00	**NETWORKING EVENING**	

SATURDAY June 27, 8:30–15:45

8:30–9:00	Wake-up coffee in the exhibition & workflow area	
9:00–9:45	**Unlocking the power of AI in your daily life**	
9:45–10:00	**News & Facts TALKS** Get the latest news and facts from the world of implant dentistry with the equivalent of speed dating—15 minutes full of excitement and inspiration.	
10:00–11:00	**Complications in implant dentistry—mechanical, biological, esthetic and iatrogenic** Complications are unavoidable and come in many forms. Let's discuss the most common ones and how to treat them.	
11:00–11:30	Coffee break	
11:30–12:30 Parallel sessions	**Peri-implantitis—prevent, treat or cure?**	**Heading for optimal esthetics**
12:45–13:00	**Stig Hansson Award**	
13:00–14:15	**The immediacy challenge—balancing technology, esthetics and biology** The benefits of immediacy must be balanced with the clinical and long-term implications of the treatment process, with the patient's best interest and quality of life in focus.	
14:15–15:45	**LUNCH & NETWORKING AFTERNOON**	

World-leading implant community

The renowned international speakers and moderators at the Implant Solutions World Summit 2026 come from various fields in dentistry but they have one thing in common—a deep commitment to science, documentation and education.

Read more about our speakers and moderators.

Inspiration Hub

Exhibition & Workflows

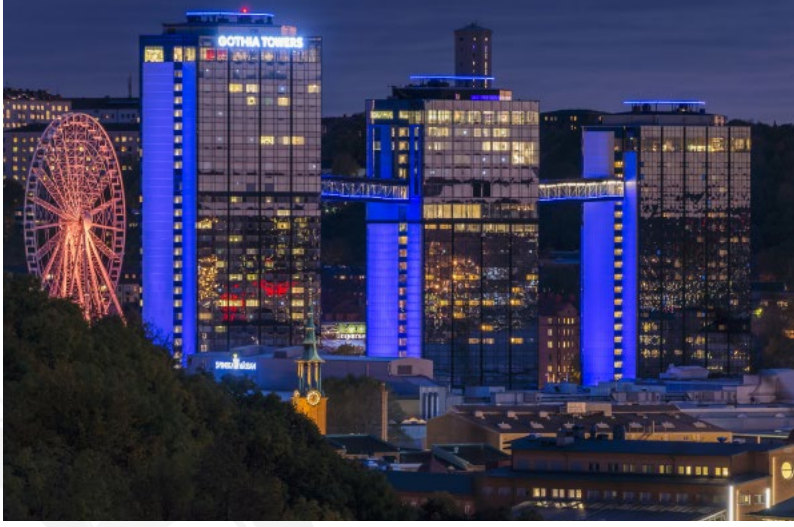

Let's meet at the point where inspiration, knowledge and passion come alive in implant workflows and solutions—the exhibition and workflow area. Network with peers, listen and learn from product experts and experienced colleagues, and discover the latest innovations in implant dentistry.

Networking evening

Made in Sweden

After an agenda full of inspiring lectures, heated discussions, and eye-opening moments, end your great day with an empowering networking evening with dental professionals from all over the world.

Friday, June 26
