16 August 2023

Dear neighbour,

We are writing to let you know we are temporarily extending our road closure on the A363 St Margaret's Place bridge for the period between Thursday (17/08/2023) and Wednesday (23/08/2023).

During this time, the 10-minute drop-off areas will not be available as we will need to extend our site compound to the end of the street as shown in red on the map.

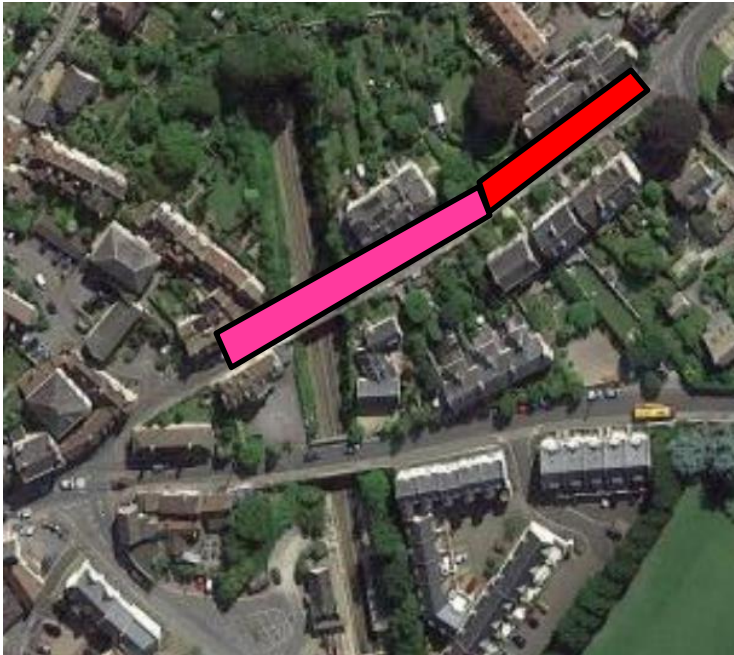

We kindly request that you avoid parking in the drop off zones as this will help to make sure the project can move forward smoothly and avoid any unnecessary delays. Parking in these areas during this time could hinder the project's progress and we value your co-operation here.

During the upcoming work between Saturday night and Wednesday morning, we must have clear access for crane operations which are crucial to the installation of the new bridge. The placement of the new steel structure and pre-cast deck elements will take place during these shifts.

We appreciate your ongoing patience for any disruption caused here and are grateful for your cooperation to allow us to temporarily suspend the drop-off areas while we operate cranes in the area.

Our railway is on a journey to a cleaner, greener future. Help us to be cleaner & greener by recycling this letter.

 Current Closure extents

 Temporarily extended
extents from
17/08/2023

Yours faithfully,

A handwritten signature in black ink, appearing to read "Din O'Connell".
